

Carbon Reduction Plan

Supplier name: TrellisWare Technologies Inc

Publication date: 12 Jan 2023

Foreword

TrellisWare Technologies Inc ('TrellisWare') is a company based in the United States of America. Although TrellisWare provides products to customers in the United Kingdom (UK), **it has historically had no UK territorial operations**. In accordance with all references and in particular Reference B, Paragraph 14, TrellisWare are submitting this plan in order to meet the requirements of the policy in regard to making a 'Net Zero' commitment. It should be noted that TrellisWare is submitting a nil return for UK territorial emissions section of this template with the reasonable expectation that TrellisWare will not be disadvantaged in line with the following statement from Reference B, Paragraph 14: ***'If an overseas supplier does not currently carry out operations in the UK, it must not be disadvantaged by this. It can still comply with the measure if it does not have UK emissions data.'*** TrellisWare is establishing a business presence in the UK that will be supporting this contract in the future, and Trellisware pledges to comply with the carbon reduction requirements and create a baseline in year one of operation.

Commitment to achieving Net Zero

TrellisWare Technologies Inc. is committed to achieving Net Zero emissions by 2050.

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.
